

# TB10/TB30

Art. No. 20010/20030 – Mobile climate boxes with vacuum technology

Model TB10

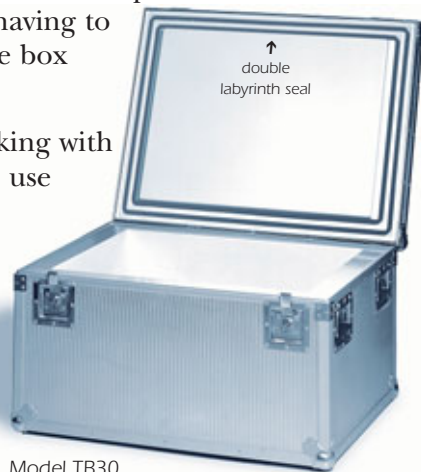

## Up to 260 hours climate protection for your products

### Reliable refrigeration thanks to insulation tested in the tropics

Thanks to innovative vacuum insulation technology, the climate box TB10 keeps its internal temperature constant for **up to 160 hours** without you having to supply external power, climate box TB30 even **up to 260 hours**.

The boxes guarantee safe locking with lead seals so that you can also use them worldwide in airfreight dispatches.

The solid aluminium casing guarantees long-life use.

Model TB30

### X Your advantage:

- Without external energy supply
- Keep internal temperature for **up to 260 hours**
- Solid, long-life casing
- Fulfils the stringent HACCP standard for hygiene
- Double labyrinth seal

Now Better Performance!

## Technical Data

<b>Model</b>	<b>TB10/TB30</b>
<b>Article number</b>	<b>20010/20030</b>
<b>Passive boxes with vacuum technology</b>	

### Dimensions – Weights – Volume

#### TB10

External dimensions:	LxWxH: 590 x 390 x 445 mm
Internal dimensions:	LxWxH: 445 x 255 x 280 mm
Weight empty:	17 kg
Volume:	30 Litres
Material outside:	structured aluminium
Material inside:	seamless deep-drawn PVC tub

#### TB30

External dimensions:	LxWxH: 795 x 595 x 470 mm
Internal dimensions:	LxWxH: 640 x 470 x 290 mm
Weight empty:	25 kg
Volume:	90 Litres
Material outside:	structured aluminium
Material inside:	seamless deep-drawn PVC tub

### Performance spectrum

Safety:	seamless inside tub, double labyrinth seal,
Insulation:	VIP with 4.5mW (mK)
Closure:	Butterfly bolt (suitable for lead seal)
Quality control:	GMP-conform manufacture
Autonomy:	<b>TB10 – up to 160 hours</b> <b>TB30 – up to 260 hours</b>

### Options/Accessories

Refrigeration elements: PCM or Standard

### Validation
